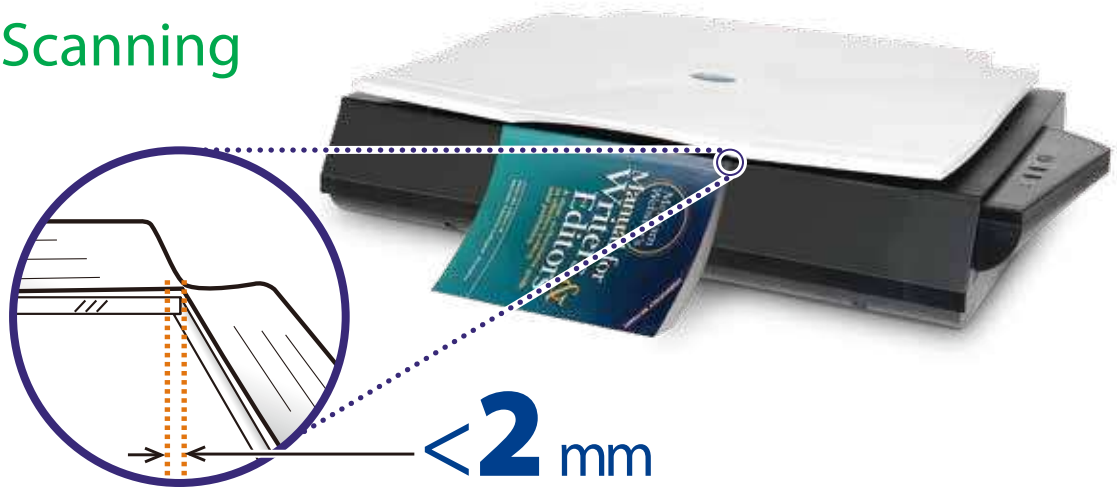
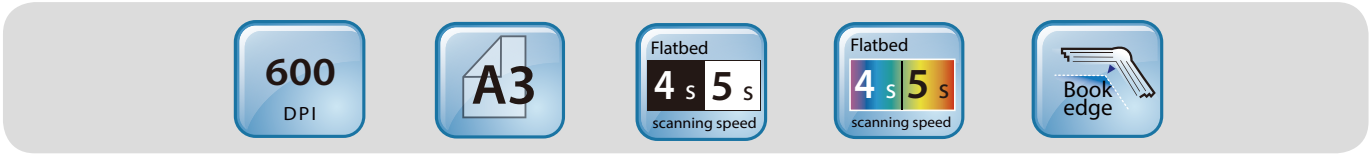
Avision
A vision of your office

Avision | FB6380E A3 Bookedge Scanner

Your Perfect Choice for Book Scanning





Features:

- The slightly slanted font platform makes book scanning a breeze
- Support A3-sized document
- Easy to scan - auto scan
- Brightness and contrast controls to customize color output for specific applications
- Hi-speed USB3.2 Gen 1x1 interface
- Includes TWAIN and ISIS Driver
- One button functionality allows you to assign up to 9 scanning applications and perform at the touch of a button

Avision's book edge scanners feature a unique, innovative flatbed platform, with a slanted front edge engineered to accommodate books in a way that prevents the dark, shadowy area near the spine from appearing. Curved text often seen near the center is also eliminated, since this special design allows pages to spread flat on the scanner. Never again would you need to press the book against the scanner, which distorts the scanned image and potentially damages the book.

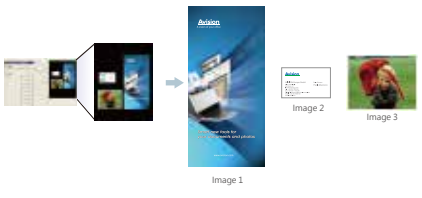
The FB6380E supports documents up to A3 sizes. Its core image processing components are CCD based with a 600 dpi optical resolution, enabling it to output picture perfect quality while meeting the most stringent demands of business professionals anywhere.

Dual-lamp Design to Handle Wrinkled Documents

Designed to handle even extreme applications, the FB6380E scanner is built-in with two long-lasting lamps. These mercury-free lamps give you maximum illumination to help eliminate shadows from wrinkled documents.

Automatic multiple images cropping

In addition, the scanner comes with the convenient feature of multiple images cropping. With this feature, various sizes of the documents such as photos, ID Cards, or business cards can be placed on the flatbed and the scanner is able to crop and create multiple images according to the original sizes of the documents in one single scan.



Easy to scan - auto scan

When the option of [Auto Scan from Flatbed] is enabled, after closing the document cover, the scan will be automatically started through Button Manager and the scanned image will be sent to the destination you have specified. It is simply that easy to complete a scan without pressing any button!

What we have bundled

The Avision FB6380E scanner comes with TWAIN and ISIS drivers, and is bundled with Avision Button Manager V2, AvScan X, and Nuance PaperPort SE 14.

Avision | FB6380E A3 Bookedge Scanner

Avision's Button Manager V2

-Completes your scan with a single step

The Button Manager V2 main screen

Button Manager V2 makes it easy for you to scan and send your image to your favorite destinations with a press one button. Now the new version comes with an innovative feature to let you scan and automatically upload the scanned document to popular cloud repositories such as Google Docs, Microsoft SharePoint, or FTP. In addition, the iScan feature allows you to insert the scanned image or recognized text after optional OCR (Optical Character Recognition) process to your text editor such as Microsoft Word to get your job done easily and quickly.

AvScan X

-The Intelligent Document Management Tool

The AvScan X main screen

Document Imaging is the very first step of Document Management. However, poor quality images can cause serious problems to later indexing or storing processes. It may increase scanning labour costs and lowers the OCR accuracy. AvScan X ensures all documents are checked and polished at the time they are scanned such that the image quality is guaranteed before they are ready to use for other purposes.

AvScan X is an intelligent scanning and electronic filing solution. AvScan X possesses distinct features that convert and index scanned information into electronic documents for easy storage and fast retrieval.

PaperPort SE14

- The Professional Choice to Organize and Share Your Documents

The PaperPort SE14 main screen

PaperPort SE 14 is Nuance's most popular scanning and document management solution, carefully designed specifically for home office use. Part traditional file cabinet, part digital-document desktop, PaperPort SE 14 is the fastest and easiest way to scan, share, search, and organize your documents.Additionally, PaperPort SE 14 now delivers anytime-anywhere access to your most important files however it's convenient for you – using a PC, Mac, iPhone, iPad, or Android device.
